The image shows a small, low-resolution scan of a document page. The page is centered on a white background and contains a grid-like structure, likely a table or form. The grid is composed of many small, dark rectangular cells. The overall appearance is that of a scanned document page, possibly a ledger or a data table, with a header section at the top and a main body of rows and columns. The text and lines are too small to be legible.

A small thumbnail image of a spreadsheet or data table. It features multiple columns and rows of data. The bottom row is highlighted in green, and there are some darker shaded areas in the top right corner, possibly indicating a header or a specific data category.

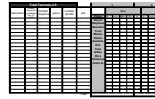

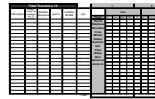

The image shows a small, low-resolution icon of a spreadsheet or data table. It consists of a grid of approximately 10 columns and 15 rows. The grid is rendered in a dark, pixelated style, with a slightly darker header row at the top. The overall appearance is that of a simplified digital representation of a data table.
